Runtime timer in misc menu automation Open Discussion

- MA Mohamed Amin
- **Forum name:** #Test Automation

i really would like to automate the RunTime timer to measure time between 2 breakpoint and i want to be as accurate as possible using cmm script and it would be amazing if this script returned the value of the timer in an external .txt file is it possible to do so .

Hello Mohamed Amin,

the answer depends on the used target processor architecture. Which target processor do you have?
