SRST low time **Awaiting Agent**

- S Sanju
- **Forum name:** #Debugging

Hi team,

we have purchased Power Debug E40 and Debugger Cortex- A/R IDC20A Cable.

Please tell us what is the maximum settable reset delay time for SRST and how it is set for both the devices.

Regards,

Sanju

Hello Sanju,

My name is Ahmed Ghribi from the Lauterbach support team. I'm pleased to assist you with your support case.

I've sent a private email with further details on this topic, and I'll be available to address any additional questions or concerns you may have.

Best regards,

Ahmed Ghribi
