Videos: PRACTICE Tutorial

2026-08-19 - Comments (0) - Scripting and Remote Control

Note

The videos below are partly outdated and may not reflect the latest TRACE32 functionality or recommended procedures. For an up-to-date introduction, please refer to Understanding PRACTICE through Script Debugging, which covers the same topics in a more current and comprehensive form.

AGENDA

- Debugging a PRACTICE Script
- Conditional Execution in PRACTICE
- Subroutines in PRACTICE

TRACE32 Tutorials: Script Language PRACTICE by Linda Bahloul

1. Debugging a PRACTICE Script (ca. 5 min)

2. Conditional Execution in PRACTICE (ca. 6 min)

3. Subroutines in PRACTICE (ca. 5 min)
