Video: QNX Training

2026-08-14 - Comments (2) - OS-aware Debugging

AGENDA

1. QNX Introduction
2. QNX Image Creation
3. QNX Target Attach
4. QNX Target Download
5. QNX Setup Script
6. QNX Resource Displays
7. QNX Debugging Processes
8. QNX Debugging Libraries
9. QNX SMP Support
10. QNX Dynamic Performance
11. QNX Tracelogger
12. QNX Trace Task Performance
13. QNX Trace Func Performance
14. QNX Summary

1. QNX Introduction (ca. 10 min)

Sorry, video playback isn't supported by your browser.

2. QNX Image Creation (ca. 8 min)

Sorry, video playback isn't supported by your browser.

3. QNX Target Attach (ca. 8 min)

Sorry, video playback isn't supported by your browser.

4. QNX Target Download (ca. 7 min)

Sorry, video playback isn't supported by your browser.

5. QNX Setup Script (ca. 24 min)

Sorry, video playback isn't supported by your browser.

6. QNX Resource Displays (ca. 13 min)

Sorry, video playback isn't supported by your browser.

7. QNX Debugging Processes (ca. 30 min)

Sorry, video playback isn't supported by your browser.

8. QNX Debugging Libraries (ca. 8 min)

Sorry, video playback isn't supported by your browser.

9. QNX SMP Support (ca. 11 min)

Sorry, video playback isn't supported by your browser.

10. QNX Dynamic Performance (ca. 12 min)

Sorry, video playback isn't supported by your browser.

11. QNX Tracelogger (ca. 10 min)

Sorry, video playback isn't supported by your browser.

12. QNX Trace Task Performance (ca. 19 min)

Sorry, video playback isn't supported by your browser.

13. QNX Trace Func Performance (ca. 11 min)

Sorry, video playback isn't supported by your browser.

14. QNX Summary (ca. 4 min)

Sorry, video playback isn't supported by your browser.

Is it on purpose the videos are cropped (left and right border)? That makes it hard to follow what the presenter is showing/doing.
